				Chuckaroo kicked butt big time.														
				A very nice day as it warmed up in the range bowl. No need for gloves, etc.														
				The new targets (used cowboys from the Thurmont Sportsmens Club, thanks to DQ Dave),														
				worked great as we had two clean shooters and two with only one miss, perhaps its getting too easy.														
				Used Vererans' Day as the theme. The total casualities in U.S. principal wars is at least 2.6 million.														
				If you know a veteran, thank them as, except for their effort, we would all be speaking Spanish or German.
