| <p>A very nice day for mid-January, with a high of 40 degrees. Coats and gloves were taken off (not necessary).<br/>                     Kiddo kicked butt big time, with only one second place preventing her from having a clean sweep.<br/>                     She was also the only clean shooter.<br/>                     Folks that missed the match have only themselves to blame if February does its thing and gives us crappy weather.</p> |    |     |       |                        |       |    |       |    |       |    |       |    |       |    |       |    |        |     |
