Another nice day for a match. Sunny, with high in the 70's.

We had six category winners; congrats to all.

As a side matter, it was proved that 12 ga. Shells do not work in a 16 ga. Shotgun.

Deputy Doran kicked her other half's butt big time.

We had three observers, including Deputy Doran's dad. All of them stayed for the entire match.

Please note that the May 20 match had to be scrubbed after three stages due to torrential rain.
