A very nice winter day, cloudy, high about 37, calm. Needed gloves while working, not while shooting.

Geronimo Jim designed the fine compact stages, so he gets MPC credit for match direction. He also had a clean sweep.

This was a first for the MPC, nine shooters, all winning their class. However, no one got the pink Caddy; it's still in my garage.

Possibly the smoothist running posse I've ever been involved with. We shot 6 stages in 2 hours. Everyone worked well!

We managed to get all our MPC winter matches in, while other clubs wussed out, oh well.

Starting in March, the Monocacy Irregulars will go back to the 3rd Tuesday at Noon. Hope to see you then.
