We started out with a cloudy sky and decided to put up the two pop-up tents; a wise decision.

It started sprinkling at the end of the 2nd stage and was raining big time by the third stage with a high in the low 50's (ugly day).

There were 73 misses for the 13 shooters; no shooter was clean, though Jack-U Mist only had one miss while shooting FC!

Conditions got miserable and we decided to stop after 5 stages. Cash Caldwell needs to go into the water finding business as the tent started leaking above wherever he moved his cart.

Birds Eye Jack shot his last match as a Buckaroo and now moves into Young Gun. Happy birthday to Birds Eye.

The next match is on Tuesday, June 8, 2010 which is as early as it can get in a month. Please note that the time is:

"Registration: 10:00 AM to 10:45 AM. Safety talk is 10:45 AM. **SHOOTING STARTS AT 11:00 AM"**

per Chuckaroo's emule note.
